# HELLO + WELCOME

## FROM BIANCA HAW (YANKS)

Choosing a wedding venue is a personal decision and so we can't tell you what to do. However, we can give you a few reasons why people love coming to Glencairn, and why some of our wedding clients come back to the venue for getaways after they get married.

The farm has a soft and peaceful anointment of calm energy with a bit of a gentle-green-spring-love-buzz in the air. Our clients feel a disconnect from the busyness of the digital world when they come to the farm. We prioritise taking care of the human connections that we make, and so by putting people first, our clients always feel at home when they're with us.

# A BIT ABOUT US

## WELCOME TO THE FARM

Our secluded-farm-style venue, situated under the iconic Sani Pass, awaits you on our cherished family run farm. Home to 350 Dohne Marino sheep, Jeffery, Jemima, Giyda the Bull Terriers and Katy the Kelpie and a flock of Bald Ibis’.

Our picturesque venue has been cleverly designed, maintaining the intimacy and beauty that our country setting has to offer. Catering for up to 300 wedding guests, hosting sports events, weddings and conferences.

With a natural editorial look and feel, and a classic blue and green backdrop of the Drakensberg Mountains, our venue provides a lovely setting for your wedding film and photos.
